

QUALITY POLICY

It is the goal of Riverland Industries, Inc. to be recognized as the leading quality supplier by our customers, our employees, and our competitors.

We will provide continuous quality improvement and total quality management to ensure that our products meet or exceed our customers' requirements.

Every Riverland Industries, Inc. employee accepts responsibility for putting the needs of our customer first, maintaining a safe work environment, and providing products which meet the highest standards in our industry.

We will provide a cost effective product with a consistent effort to satisfy our customer delivery requirements.
